Useful information on Yatra

Train travel

Yatri has to reserve ticket from their origin to Kanpur so that they reach Kanpur before 6 am on 25th October. In July, Trust will inform the train in which yatri should reserve. Similarly yatri has to reserve return ticket from Srirangam to their origin on 14th November (departure after 6 30 pm). After reserving onward ticket, yatri should necessarily inform those details to the trust. Whole yatra from Kanpur to Srirangam is by bus. There are three long stretches which are above 650 kms. In case any yatri wants to travel these by train, trust would inform them the train details and he / she can reserve on their own. This is only an option and not a must. Your contribution does not include any train charge.

Bus travel

Whole yatra would be by deluxe AC push back buses. Seat arrangement would be rotated to give equal front seat opportunity to all.

Food

Satvik food after being offered to Sri Rama would be served thrice a day. Yatri has to bring own food during train travel. Filling or buying water throughout travel would be yatri's responsibility.

Accommodation

Trust would book hygienic places. It may be rooms to share or halls depending on the location. While trust would take utmost care in reserving the places, considering the remoteness of the location yatris may have to tolerate some inconvenience.

Parayanam

At every location all yatris would recite the relevant sarga from Sri Ramayana. Yatris must always carry Sri Ramayana text (tamil or Sanskrit script). The number of relevant sarga would be printed in the sthalamahatmyam book.

Hand book on SthalaMahatmyam

A book would be distributed to each yatri. It would have the explanation relevant to the location from Sri Ramayana and the geographical details.

Upanyasam

This is the best feature of our yatra.Listening to discourses by vidwans accompanying this yatra on Sri Ramayana and the noble qualities of Sri Rama would be a memorable experience.

Group discussion

All yatris are invited to participate in these discussions during bus travel and rest time on various topics relating to Sanatana dharma.

Bhajans

Ardent devotees of Sri Rama who are great bhajan exponents have consented to visit important locations, especially SitaKalyana at Janakpuri, and fill us with the nectarine Sri Rama nama.

programme is subject to change
